

# EARTH-SCIENCE REVIEWS

## Managing Editors

Carlo Doglioni: Structural geology, tectonics, geodynamics  
Università di Roma "La Sapienza", Roma, Italy

Chris Fielding: Sedimentology, stratigraphy, and fluvial, coastal and shallow marine successions  
University of Nebraska at Lincoln, Lincoln, Nebraska, USA

Gillian R. Foulger: Earthquakes, focal mechanisms, tectonics, volcanism, Iceland, hotspots, plumes, alternatives, plate hypothesis, geothermal  
Durham University, Durham, England, UK

Arturo Gomez-Tuena: Igneous petrology  
Universidad Nacional Autónoma de México (UNAM), Queretaro, Mexico

Douwe van Hinsbergen: Plate tectonics, mountain building, geodynamics, paleomagnetism, and paleogeography  
Universiteit Utrecht, Utrecht, Netherlands

Robert Jacobson: Fluvial geomorphology and earth surface processes  
US Geological Survey, Columbia MO, USA

Shuhab Khan: Geological Remote Sensing, Tectonics, Reservoir Analog Studies, Petroleum Geology  
University of Houston, Houston, USA

Alessandra Negri: Dipartimento di Scienze della Vita e dell'Ambiente (Dept. Of Life and Environmental Science)  
Università Politecnica delle Marche (Polytechnic University of Marche), Ancona, Italy

Karsten Pedersen: Geomicrobiology  
Microbial Analytics Sweden AB, Mölnlycke, Sweden

Joan-Albert Sanchez-Cabeza: Environmental geochemistry  
Universidad Nacional Autónoma de México (UNAM), Ciudad Universitaria, Mexico

André Strasser: Carbonate sedimentology, stratigraphy, palaeoecology  
Université de Fribourg, Fribourg, Switzerland

Jun Wang: Atmospheric Sciences  
University of Iowa, Iowa City, Iowa, USA

Jingping Xu: Sedimentology, hydraulics, hydrodynamics  
Southern University of Science and Technology, Guangdong, China
